

Department of Oral Pathology and Microbiology and Orthodontics Host Event on Forensic Odontology

The Department of Oral Pathology and Microbiology, in collaboration with the Department of Orthodontics and Dentofacial Orthopedics, organized a groundbreaking event themed "From Filling to Forensic: Unveiling the Journey to Become a Forensic Odontologist." The event aimed to shed light on the fascinating journey of becoming a forensic odontologist, a specialized field at the intersection of dentistry and criminal investigations.

The highlight of the event was the esteemed guest speaker, Dr. Somya Soin, BDS, MSc Forensic Odontology, who shared invaluable insights and experiences from her distinguished career in the field. Dr. Soin's expertise and passion for forensic odontology captivated the audience, inspiring aspiring dental professionals to explore this dynamic and impactful career path.

The success of the event was attributed to the unwavering dedication and leadership of the Management, Dr CM Marya (Principal), Dr. Vishal Juneja (CEO), Dr. Sridhar Kanan (Professor, Orthodontics and Dentofacial Orthopedics) and Dr. Shweta Rehani (Head of Oral Pathology and Microbiology) and. PGs played instrumental roles in orchestrating the event, ensuring its smooth execution and engaging content. The interns and staffs were enlightened by the talk.
