

Sudha Rustagi College of Dental Sciences & Research, Faridabad

Department of Public Health Dentistry organized a guest lecture on 31st January, 2023, on the topic, REAIM PUBLIC HEALTH IDEAS, The Guest speaker for the day was Dr Ashish Joshi. Dr. Joshi holds a PhD in Health Informatics and has been a Dean and a Distinguished University Professor of the School of Public Health of the University of Memphis. Dr.Joshi successfully completed more than two dozen Research Projects in the areas of population health informatics across multiple countries including the US, India, Nigeria, Bangladesh, Haiti, Egypt, and Brazil. He has been instrumental in developing innovative solutions to address some of the most pressing public health challenges facing our communities today. SMAART (Sustainable, Multisector, Accessible, Affordable, Reimbursable, and Tailored) model to advance the achievement of Sustainable Development Goals, is one of them. He was invited to present the SMAART model at the WHO, United Nations, and several other agencies Nationally and Globally. He talked about Public Health career opportunities and the way ahead on how to address social, economic, health disparities and promote health equity especially for populations living across diverse settings.

In the end, he was felicitated by the honourable Principal, Dr CM Marya and Dr Vishal Juneja, CEO. The programme was well appreciated.
